ABOUT ME

I enjoy building real projects that solve real problems. I'm curious, creative, and love understanding how things work end-to-end.
Always learning, improving, and pushing myself to build cleaner, smarter systems.

EXPERIENCE

Sayo Kitchen – Full-Stack Food Ordering (MERN), 07/2025 - 11/2025
Artix Productions - Remote

- Designed & built a production-ready MERN system with admin panel
- **Deployed** frontend on **Vercel** and backend on **Render**
- Integrated PayPlus Hosted Checkout & webhooks
- Developed secure cookie-based authentication
- Built order management, delivery fees system, and analytics dashboard
- Used ChatGPT for architecture, debugging, and development support.

Artix Productions, 2020 - 2024

- Delivered creative projects by collaborating with clients and team members
- Edited photos/videos with advanced tools, showcasing technical skills and attention to detail.
- Managed multiple tasks efficiently, meeting deadlines in a fast-paced environment.

Perach Educator, 2024 to 2025

- Mentored and guided a young student, fostering their academic growth and personal development.
- Demonstrated patience, adaptability, and a commitment to the student's success.

EDUCATION

B.Sc - Software Engineering, Braude College of Engineering, Karmiel
  03/2024 - Present (3rd year)

RELEVANT COURSES

Introduction to Systems Programming, Software Systems Architecture, Fundamentals of Computing, Data Structures, Algorithms, Database Systems, Digital Systems, OOP, Software Testing, Developing.

LANGUAGES

English – Fluent   Hebrew – Advanced   Arabic - Native

SKILLS

- **Programming Languages:**
  C, Python, Java, HTML, CSS, Hack Assembly, Hack HDL, Bootstrap

- **Frameworks and Tools:**
  VSCode, VC Enterprise, Spyder, Visual Paradigm, Hack Simulator, Microsoft Office, Adobe(Photoshop, Premiere pro, Lightroom)

- **Databases:**
  MySql, MongoDB

- **Familiar with:**
  React.js, Node.js, Express.js

- **Soft Skills:**
  Fast learner with strong curiosity
  Clear & friendly communication.
  Patience and persistence when debugging.
  Time management and responsibility.
  Attention to detail.
